NOTICE OF PUBLIC HEARING
Concerning
RESCISSION OF WASTE DISCHARGE REQUIREMENTS
ORDER 96-135
FOR
BECKWOURTH COUNTY SERVICES AREA
PLUMAS COUNTY

Beckwourth County Services Area (Beckwourth CSA) is the provider wastewater treatment for city of Beckwourth a planned development in Plumas County. On 3 May 1996, the Regional Water Board adopted Waste Discharge Requirements (WDR) Order 96-135 to regulate the discharge from the facility.

The State Water Resources Control Board (SWRCB) adopted Water Quality Order 2014-0153-DWQ (General Order) for discharges to land from small domestic systems with a maximum average daily flow of 100,000 gallons or less. Because the Discharger's facility falls into the category of facilities that may be covered by Order 2014-0153-DWQ, Central Valley Water Board staff requested the Discharger submit an application for coverage under Order 2014-0153-DWQ. The Discharger informed Central Valley Water Board staff that no significant changes were made to the wastewater treatment system since the adoption of WDR Order 96-135.

On 15 December 2016, the Central Valley Water Board issued a Notice of Applicability to the Discharger, to enroll them in the General Order; therefore, WDR Order 96-135 is no longer required. The Central Valley Water Board will consider rescinding WDR Order 96-135. A public hearing to address this matter will be held during the Central Valley Water Board meeting which is scheduled for:
